

IBO Photo Contest #IGERSVOLUNTEERING

TERO Photo Contest 2019

TERO Photo Contest – Special Category in the frame of IBO Photo Contest - is open to young people between the ages of 17 and 35 living in European and Maghreb countries, interested and active in the climate change issue.

This non-professional photo contest is managed by FOCSIV under the project « Territoires Engagés pour la Résilience des Oasis », funded by the EU Aid Volunteer Initiative to strengthen communities' resilience to climate change in Morocco, Mauritania and Tunisia, through the involvement of young local volunteers.

The project is a collaboration of FOCSIV with AOFEP (Ferkla Oasis Association for the Environment and Heritage) in Morocco, ASOC (Chenini oasis protection association) in Tunisia, Association TENMIYA in Mauritania, and the European partners CARI (International action and accomplishment center) and France Volontaires in France. The latter is also the European coordinator of the project.

TERO Photo Contest's coordinators: FOCSIV in collaboration with IBO Italia ONG/Onlus.
Promoters: AOFEP, ASOC, TENMIYA, CARI and France Volontaires
Partner: ONG 2.0

REGULATION

Authorization: in accordance with the Italian law (D.P.R. n. 430 26/10/2001, art. 6), the present contest is not subject to the ministerial approval.

REQUIREMENTS

TERO Photo Contest is open to young people between the ages of 17 and 35 living in one of the EU countries or Maghreb countries, without distinction of religion, sex, race, nationality, language, social status and political opinion.

Young people shall post pictures on their social network (Facebook or Instagram) within the 29th of September 2019, using the below mentioned tags and hashtags.

The contest is due to open on 10th June 2019.

THEME OF THE SPECIAL CATEGORY TERO #Act4Oasis

The regulation considers the following theme:

#ClimateAction: the protection and the preservation of our territories is essential to guarantee the communities' development and well-being. The challenges we face because of the climate change need us to rethink our lifestyle, experiencing alternative economic systems and defending our classical elements – water, air and earth from pollution and exploitation. Youth are asked to get involved in their territories, cities and oases to strengthen their own communities' resilience. Share pictures describing your climate engagement in defense of the Mother Earth.

Photomontages are not allowed.

Overprinted pictures or with any other kind of addition are not allowed. Apart from this, any filter available on Instagram or Facebook is allowed.
